

Words from Me Mum:

My daughter's love and determination to make this world a better place lives so strongly within me and everyone who has ever known or loved her. Our world has been completely shaken and is unrecognizable due to this tragedy. I have learned that control is an illusion and what is most important is what we do with the time that we have with each and every person we have the opportunity to share this lifetime with. With so many choices taken from Alisha and our family I we will choose to take some of our power back and transform it into something real and lasting. Alisha's legacy lives on within everyone who takes the time to see the beauty all around you in the stranger sitting next to you, and in this beautiful world, as she would.

Dawn Zibolis-Sekella (Alisha's mum)
